

#16 FREEDOM: Sorry, but . . . No Shame

**I didn't mean to do wrong, I always tried to do right 2x
Even when I got wasted
On last Saturday night**

**I didn't mean to hurt you, I apologize 2x
It was just me being me
And I never told no lies**

**Chorus: There's no shame in my game 2x
 You cannot scandalize my name
 I gave all my love in vain
 I'll love you just the same
 There is no shame to my game**

**I done a lot of living, never ashamed of nothing I did 2x
Well some things turned out wrong
But I never have to renege**

**So, one mo' time I'll swallow, life's bitter pill 2x
Not guilty, not embarrassed
God gave me free will
Chorus . . .**

**I'm sorry, oh so sorry, what else can I say? 2x
Just good-bye and God bless you
It's the price I have to pay**

**Outro: I ain't got no shame, baby
 Good-bye, I'm outta here too
 If you love a leopard. . .
 You gotta love its spots**
