

#3 HYPOCRISY: Liearrhea

You tell lies of omission
Commission, too
Don't matter how you perpetrate
My God will haunt you
Cuz God don't like ugly
And you ugly to the bone
Yeah I'll exorcise that ugly
Bathe you in my love cologne

You've got a bad case of liearrhea
You keep running off at the mouth
Your tongue comes from the devil
And yo' truth is crapping out
Now you sit at my dinner table
You eat my heart like it was bread
Yeah, you be grinnin' in my face
While vicious lies you spread

Chorus: Liearrhea, ooo-wee-ooo
 Liearrhea, ooo-wee-ooo
 You got liearrhea, ooo-wee-ooo
 Liearrhea, ooo-wee-ooo
 I'm not bitter, I am better
 I know just what to do
 To all you haters and liars
 I'll love the hell right out of you!

Now you lie on me
You lie on everybody else
But the saddest lies of all
Are the ones you tell yo' se'f
Now you lie on me
You lie on everybody else
But the saddest lies of all
All the ones you tell yo' se'f
Chorus

Outro: . . . forgiveness brings us closer to the Divine
