

I CAN DO BAD ALL BY MYSELF
Adegbalola Rev #3 08/08

D
I went to the bank
A
To pay the mortgage that was due

Cashier looked at me and shook her head
D
Said, "Girl, you don't have a clue
G
Your balance is below zero

Your account is overdrawn
A **D**
Things are bad -- it's time to find some stuff to pawn"

So I went home to rest my head
But the lights did not come on
No water from the tap
No service on my phone
I'll have to file as bankrupt
I cannot postpone
Things are bad -- it's time to take out a Pay Day Loan

Refrain: **D** **A** **D D7**
I can do bad all by myself
G **D D7**
I can do bad all by myself
F# **G**
I can do bad all by myself
D **A** **D**
I really, I really really don't need yo' help

Now you come home all messed up
Your words are counterfeit
You steal and deal, con and scam
Everything has turned to. . . debt
Yes, you fell into the crack

**And put our money up your nose
Things are bad -- it's time for them to foreclose**

**So take your ass on out of here
It's time to liquidate
Take Miz Snow White and Mary Jane
You and your friends have to vacate
I have lost more than my ass/ets
I have lost my good name too
Things will get better -- now that I'm through with you
Things will get better -- I won't be screwed by you**

Refrain 2X
