Adegbalola 06/92,

Ooo la la they call me Miz Thang

Ooo la la I'm gonna pluck yo heart strings

D7

Ooo la la 'cuse me, girlfriend

Am

Ooo la la I'm so fly I got wings

E7 D7 Am E7

Ooo ooo // just call me Miz Thang

I wear Queen of Sheba perfume, I got Cleopatra's eyes

Nefertiti's hair do, I am Queen Latifah wise

I got velvet wings of joy that can fly you to the sun

My roots are so strong, I fear no one

Ooo ooo // just call me Miz Thang

I feel the universal rhythm and the rhythm works for me

I can hear the blues played by a symphony

If you curse me, I will kiss you with my warm and juicy lips

Then lay my hands upon you with electric finger tips

Ooo ooo // just call me Miz Thang

D7
BRIDGE: I turn on, I turn out
B7
I wide on, I shake it all about
D7
I ain't mo' better, I am mo' best
E7
I'm too, too, too, too / I been blessed

I visited the graveyard at twelve o'clock high

Rode chariots of fire, put lightning in the sky

I hissed at all the red snakes, then bathed 'em in the light

It opened all the channels, it overflowed the fright

Ooo ooo // just call me Miz Thang

BRIDGE: If you think I'm acting hinky when I should be acting shy
Keep yo channels clear, you'll receive a sign
It ain't about an ego, I'm not being rude
But Lord, Lord, Lord -- I got a new attitude

If you like my peaches, come on and rub my fuzz
I'll share with you the power, the wonder, and the love
When my mind was sick, you know it could not reason
Then my soul was sick, I had a change of season
Ooo ooo // just call me Miz Thang

TALKING TAG -- drone on the Am

Don't look at me like that
Don't look at me with that tone of voice
No need to fear the unknown
I know you got some Miz Thang in you
I see you, I see you with my third eye
And you're such a piece of work -- it ain't an ego, it's an at-ti-rude
Can't help myself -- God give it to me, God give it to you
Go head on and work it, dance and proclaim it (3 or 4x)
Ooo la la . . . take yo time, girlfriend. . . take yo time. . .
