

## **SILENT THUNDER IN MY HEART**

**Adegbalola 1988**

**I'm a big girl now I can't cry  
When you left me  
I kept my pain inside  
Tho I knew we had to part  
There's silent thunder in my heart**

**I can't talk it out, can't say a word  
As life moves on  
It's all been heard  
And what lingers is so tart  
This silent thunder in my heart**

**Bridge:        I go to my job  
                  Smile on my face  
                  Concealing my wounds  
                  And my disgrace**

**Tho I knew we had to part  
There's silent thunder in my heart  
In my heart. . .**
