

## #8: TECHNOLOGY: Ain't Technology Grand?

I got a phone, you got a phone  
All OF God's children got a phone

Chorus: I said ain't technology grand?  
Ain't technology grand?  
I said ain't technology grand?  
I got the whole world right here in my hand

I can text my love, I can text my friend  
I can send naked pictures to yo' next of kin  
Chorus

I can pay my bills on pay day  
I can buy some shit on eBay  
I can get directions when I've lost my way  
Chorus

Bridge: You know, I can ask my telephone anything  
Who, what, when, where or how  
Then it will always answer  
"Turn left in 20 feet, you missed it, recalculating, turn around now!"

I got an app over here (tweet, tweet)  
An app over there (tweet, tweet)  
App tweet, tweet app -- twitter everywhere  
Chorus

(You know what else I can do?)  
I can video the truth, I can offer up the proof  
When authorities take down another black youth  
Chorus -- with last line: I can tell the (whole) world with one command  
Tag: So keep a . . . charger in yo' hand!
