

# **BLUES FOR THE GREENS**

**Adegbalola 01/11**

**I like spinach, I like kale  
I like turnip greens too  
I like string beans and collard greens  
And brussel sprouts will do**

**That cabbage oh she's a cutie  
Peas roll around and have such fun  
Lettuce has pretty ruffles  
But they're not number one . . .**

**Gimme some broccoli, give it to me please  
Gimme some broccoli, that's what I need  
Taste so good, I can't go wrong  
Vitamins and minerals, keep me strong**

**That's broccoli, broccoli, broccoli  
With the cute little bushy head — that what I said  
With the cute little bushy head**

**When you eat all your greens  
You won't get the blues  
All of them are so good for you  
But broccoli's what I choose**

**Please gimme some broccoli, give it to me please  
Gimme some broccoli, broccoli that's what I need  
B - R - O - C  
C - O - L - I  
I love me some broccoli  
I'll tell you why**

**That's broccoli, broccoli, broccoli  
It's got such a cute bushy head — that's what I said  
With the cute little bushy head  
With the cute . . . little bushy . . . head**

**Awww please gimme some broccoli**
