

**TIPPIN' ON THE DOWN LOW
10/2007**

Adegbalola Rev #2

**You been tippin' on the down low
Thinking that we don't know
You been tippin' on the down low
You're a sneaky so and so
1 You're a mega church preacher
And we heard your plea
You said "Satan, get thee behind me."
You been tippin' on the down low
And your cover is about to blow**

**2 You're a corporate man
With a family, close knit
You said that you got sucked into it**

**3 You play pro football
With a ferocious attack
You said you just want to sack the quarterback**

Instrumental or kazoo or scatting break

**4 You're a hip hop man
A bully thug with a frown
You said that you won't take anything lying down**

**5 You're an old politician
In a desperate stage
You said you tried hard to turn over a new page**

last time verse changes:

**You been tippin' on the down low
And guess what?? we all know
You been tippin' on the down low
My friend, it's time for you to grow
Better come clean
You're a hypocrite
Lies never win, you're full of (sh)it
You been tippin' on the down low
And your cover is about to blow (for sho')
Cover is about to blow (you need a rainbow)
Your cover
Is a-bout**

To blow
